

- **How long have you lived in Cherryville and why?** I was born and raised in Cherryville and only left for a brief stint in college.
- **What do you do for a living?** I am a partner in Houser Drug Co. located at 302 E. Main Street and work there as part owner and pharmacy tech. in the nursing home division.
- **Why did you run for City Council (Mayor)?** I wanted to help restore faith and honesty in our local government.
- **What neighborhood (district) do you live in?** I live at 404 Spring Street and have been there since 1969.
- **What's the most courageous thing you've done in your life?** Deciding to run for Mayor, when our city was experiencing one of the city's darkest chapters. We had corruption in our police department and embezzlement by two of our city staff.
- **What accomplishment makes you the proudest?** Living over 55 years with my high school sweetheart and wife. Rearing two girls in a good Christian atmosphere and watching them mature as two adults with good educations. I am so proud how I have been able to help see our city make a complete turnaround after watching probably the lowest reputation point our city had fallen to. The city was at a critical financial point, and I am happy to say that now we are sound financially and are able to pay invoices as we receive them.
- **What do you most want the citizens of Cherryville to know about you?** How honest and trustworthy I am in dealing with our government. I love this city and its citizens, and I want to see it continue to move in a positive manner.
